

# REGION WEDDINGS

## Wedding Packages

Photographer Steve Vansak would like to spend the day with you and your family. This ALL DAY COVERAGE includes Getting Ready, Ceremony, Formals and Reception. The day will be captured in a photo journalistic style to preserve every happy tear and every proud smile. Formals can be as modern or traditional as you like or a mix of both. Be sure to not bump the photographer on the dance floor as he captures the glory of the reception.

All packages include the Photographer's Assistant who will help with organizing groups, adjusting subjects hair & clothing and pro lighting. Deluxe books are custom designed, no two alike. Engagement photos are also available and recommended. Ask about the Leather Craftsmen Book upgrade and [The Chicago Sessions](#).

The products that come with the packages are all of a premium quality and come from a professional lab that caters only to the photographic industry. The packaging that contains your discs is custom designed with a magnetic enclosure and the Image Box will make beautiful decor for your new home.

Wedding books are differentiated by the amount of pages, but otherwise are all custom designed in a modern coffee table style. The Leather Craftsmen album is an optional upgrade that is handcrafted with luxurious prints hand mounted to the page. Smaller "mom books" are also available.

Carry your wedding album in your pocket or purse with new E-Book versions for iPhone, iPad and other E-Book devices. The video slideshow "mini movie" that comes with the Luxury Package is unlike any slideshow you've ever seen.

Photographer Steve Vansak has gone to school for photography and digital imaging and can offer many types of collages and special effects.

Your Deluxe Wedding Album will include many design touches to suit the mood of the occasion. No two books are alike and are printed on premium coated paper. The cover images are printed directly on the hardbound covers. Ask to see samples.

Black and White and Sepia effects are unique stylings made to look like old film and never cost extra.

Keep in mind that retouching will occur as part of the digital darkroom processing. Rest assured, there will be no shiny, sweaty bridal pictures in your wedding album. Go out and have fun on the dance floor, you will still be beautiful no matter how many times you get spun around for yet another dance.

Engagement pictures are a great way to capture the essence of your relationship without all the stress and hoopla of the wedding day. This also gives you a chance to get to know your Photographer and vice versa. Go dressy casual to roam around town while being captured with the camera. Whatever your style may be - playing on a swing set in the kids park to a beach picnic to posing on your Harley - let us document it and you will receive a complimentary 8 x 10 Premium Print.

Also consider [The Chicago Sessions](#), a day in the windy city. We start photographing right on the platform as we await the train. Three hours of photography at various landmarks, Leather Print Wrap and Deluxe Hardcover Photo Book containing all of your images is included.

Getting to know and trust your [wedding photographer](#) is critical. Once you are comfortable with the person behind the lens and are confident in their abilities to capture your special day, amazing images will come forth. Please call or visit online to learn about Steve Vansak of SBV Photography, the exclusive photographer for Region Weddings.

"I shoot in a Digital Negative format so I can bring optimum image quality to each photograph. After every session, each digital negative is taken into the digital darkroom for processing. Your shots will receive color corrections, retouching, general clean up, and in some cases design work." Add to this technical knowledge a great sense of fun and joy in photography.
